Time Zone: ▼

The diagram illustrates the steps to select a date and time. It starts with a 'Time Zone' dropdown menu. Below it are two calendar views. The first is for January 2020, with a red circle around the right arrow and a red arrow pointing to the text 'Toggle to September 2020'. The second is for September 2020, with a red circle around the number '8' and a red arrow pointing to the text 'Select a day'. To the right of the September calendar is a 'Select Start Time' list with a red box around it and a red arrow pointing to the text 'Select a time'. The list contains times from 9:00 AM to 11:30 AM in 15-minute increments.

If you are unable to select a time for the selected date, this means that the proctor is unavailable for testing. You will need to select a different date.

The diagram shows two scenarios. The 'Available' scenario shows a calendar for September 2020 with the 8th selected and a list of start times from 10:00 AM to 12:30 PM. The 'Not Available' scenario shows a calendar for September 2020 with the 8th selected and an empty start time list.
